

REMARKS

A. The Obviousness-Type Double Patenting Rejection

The Examiner rejected claims 47-70 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-46 of U.S. Patent Application No. 10/631,166.

Concurrently filed herewith is a terminal disclaimer over U.S. Patent Application No. 10/631,166 filed in compliance with 37 CFR 1.321(c). Therefore the obviousness-type doubled patenting rejection of claims 47-70 is overcome. *See* 37 CFR 1.130(b). Favorable reconsideration is requested.

C. Conclusion

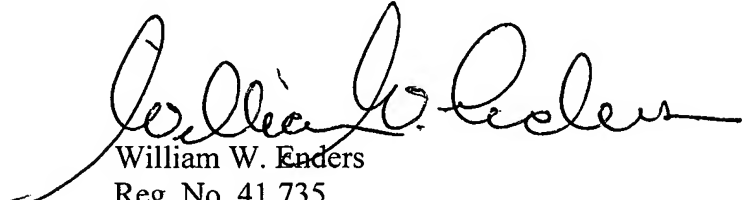

In view of the concurrently-filed terminal disclaimer, claims 47-70 are allowable. Therefore, Applicants submit that all claims of the pending application are in condition for allowance. Reconsideration of the application and claims is courteously solicited.

Attached is a check in the amount of \$130.00 for the Terminal Disclaimer To Obviate A Provisional Double Patenting Rejection Over A Pending "Reference" Application. Should any additional fees under 37 CFR 1.16-1.21 be required for any reason relating to the enclosed materials, the Commissioner is authorized to deduct such fees from O'Keefe, Egan & Peterman Deposit Account No. 10-1205/SILA:127C1.

In accordance with 37 CFR 1.136(a)(3), the Commissioner is authorized to treat any concurrent or future reply that requires a petition for an extension of time under 37 CFR 1.126(a) to be timely, as incorporating a petition for extension of time for the appropriate length of time, and the Commissioner is authorized to deduct any requisite extension of time fees under 37 CFR 1.16 to 1.21 from Deposit Account No. 10-1205/ SILA:127C1.

The Examiner is invited to contact the undersigned attorney at (512)-347-1611 with any questions, comments or suggestions relating to the referenced patent application.

Respectfully submitted,

William W. Enders
